Affected products

All Allied Vision products with visible Allied Vision Technologies logo print or engraving.

Reason for change

Allied Vision introduced a new brand logo design. This new logo will replace the existing prints on all visible parts of a product.

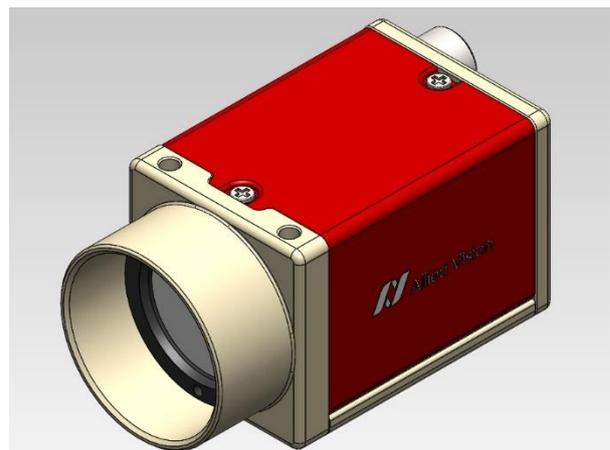

Change description

The new Allied Vision logo will be printed on the visible parts of Allied Vision Technologies products and replace the existing logo. This will happen through the year 2015 for the majority of products.

During the transition period, deliveries with both types of logos might happen on products of the same kind.

Camera with Allied Vision Technologies logo

Camera with updated Allied Vision logo

Allied Vision will start the process in April and expect to have it completed by the end of the year at the latest. The switch will happen progressively as the inventory of housing with the previous logo runs out. Therefore, the date for each camera model will depend on the inventory, order, and shipment situation of each camera model.

Transition schedule

In attempt to minimize the amount and frequency of product change notices to customers, Allied Vision is updating this document when changes appear.

Phase	Product / family	Target schedule for update	Change notes
A	Prosilica GT (small housing / Quad-Tap housing / Large Format housing)	End of Q2 '15	First production date with updated logo: <i>2015-May-21*</i> ; <i>2015-August-19*</i> First serial number with changed logo: <i>02-2608A-07601*</i> ; <i>05-1054A-07462</i>
