Allied Vision is aware of the substance restrictions of the Californian Safe Drinking Water and Toxic Enforcement Act of 1986 that requires manufacturers to notify Californians about significant chemicals that cause cancer or birth defects or other reproductive harm. The law requires that no person doing business, knowingly and intentionally expose an individual to a chemical known to the state of California to cause cancer, birth defects, or reproductive toxicity without first giving a clear and reasonable warning.

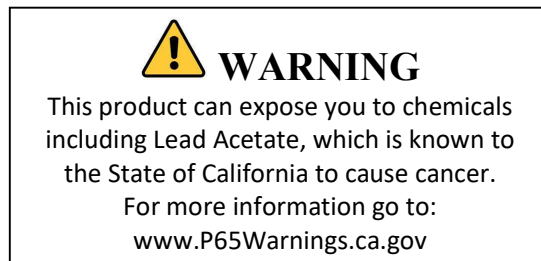

According to our latest assessment of the proposition-65 list, latest update on 2023-Jan-27:
